## Ms Campo's News...

### **Move to Stage 4 Remote Learning**

This week has seen Melbourne enter Stage 4 Restrictions and for most of Melbourne's school children return to Remote and Flexible Learning.

The only children permitted to attend school are children whose parents are Permitted Workers or children deemed Vulnerable. We now have less than 20 students on site with the majority of our staff now also working from home.

For the students and staff attending school, our revised Return to School Plan is **strictly** in place until we are advised by the Department that it is no longer needed. Face masks must be worn by every adult coming onto the EPS school grounds.

### **Student Wellbeing**

We know that many of our children (and their families) are missing being at school with their friends and being in the classrooms and the school with their teachers. We will be setting up more WebEx activities to support the kids and keep them engaged with their learning as we move into our second term of Remote and Flexible Learning. There are lots of fun activities happening and keeping the children engaged with their learning through working together whilst online is our planning's focus.

Please reach out to your child's class teacher, or to Mr Wilson and I if you need support with your child's learning or engagement. We can't wave a magic wand and make this all go away, but we can assist with more support, ideas and even just a sympathetic ear.

As we've been saying for some months now - and we'll keep saying it for as long as we need to - we WILL get through this together.

Cut out & stick me to the fridge!

## Remote Learning 2.0

These times are certainly worrying and challenging and they will affect us all differently - we understand that managing working from home and supporting your children's learning and everything else families need to do is a big ask of everyone!

## 2021 Enrolments

We are developing a virtual school tour to put on our school website and to use with our 2021 Enrolment Tours. We will hold our Enrolment Tours via WebEx until further notice.

Existing families who wish to enrol other children for 2021 are welcome to contact the Office and we'll send home enrolment forms for you.

As outlined in earlier newsletters, students who live in Eynesbury are able to remain at Exford PS and their younger siblings may also enrol. The Eynesbury Bus service will continue until the 2020 Preps have finished Year 6. The Bus service will continue to be free of charge for currently enrolled students, however, younger siblings who begin from 2021 would have a cost associated with bus travel.

We ask families to communicate with us when they have decided about remaining at Exford PS, or transferring to Eynesbury Station PS (interim name) once your decision has been made.

We will support the transfer of the children's electronic enrolment files for those who will move to ES PS when their enrolment system opens.

The opening of ES PS may have an effect on our school's enrolments and, subsequently, our staffing requirements and **so we ask you to communicate your decision with us so that we can begin our 2021 planning accurately.**

We may have greater enrolment flexibility for families in the Weir Views Estate with the opening of Eynesbury Station PS (interim name).

Please see the attachment Mr Phillip Coloca, the new Principal at Eynesbury Station PS (interim name) has asked me to share with our community. Mr Coloca came for a visit last week on his way to see the developing school site and we look forward to working together to support our kids.

## Exford Decorating

As part of our Holiday program, the children at school did some chalk art to cheer us all up - we loved it so much that we began to re-create the designs with paint.
